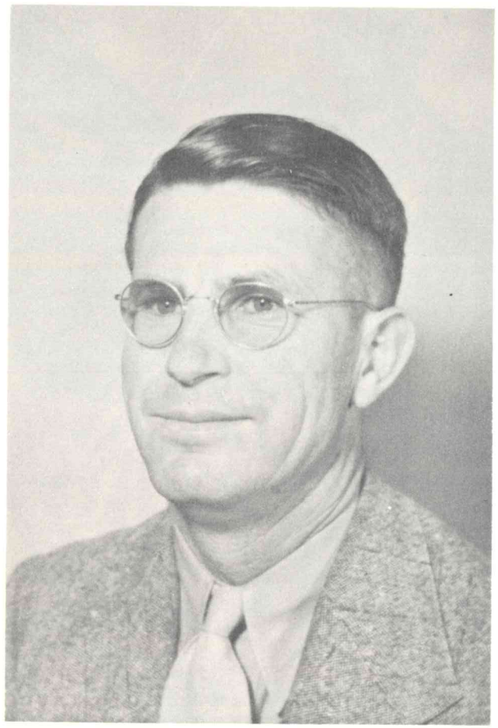
Dedication

Dedication



MR. ROY A. PAYNE

We, the students of Joseph City School, dedicate this 1951 edition of the "Badland Special" to a person who has done so much for our school in the short time he has been here. We wish to thank him for the efforts he has put forth to make our school better in so many ways. He has done much to keep up our band and chorus.

With our most sincere gratitude and appreciation, we dedicate this annual to our principal, teacher, and leader, Mr. Roy A. Payne.

Ninth & Tenth Grades

On Monday, August 28, 1950, nineteen Sophomores and Freshmen walked into the high school room. On September 7th and 8th we had Initiation days for the Freshmen. The first day there was much excitement about the school as the Freshies marched through the rooms but the most fun of all was selling toothpicks at the price of two for a penny. The money they got was enough to pay for a party the Sophomores gave them Friday night.

October 31st, the four highest grades attended a Halloween party at the school assembly room. A witch came and taught us some games.

On the 23rd and 24th of November everybody was excited because Thanksgiving had come and school was out for two days. November 25th the band marched in Winslow for the third time and won third place.

On the 22nd of December we had our Christmas party and exchanged gifts. That was the last day of school until the New Year.

Twelve of the students in our room delcared the afternoon of February 7th an unofficial ditch day, and took off for the hills. We had to pay for it, but it was a lot of fun.

On the 30th of March the school took a day off for a picnic and went to Meteor Crater. The happiest day of all the year was when school let out on May 11th. Everybody dumped books and headed home for summer vacation.

First and Second Grades

September, 1950, brought thirteen carefree, aspiring first graders to school for the first time. Since, one transient pupil has joined this group, and another girl has left on account of illness.

The second grade has had an enrollment of thirteen, too, but one girl has moved away.

During September and October we were plagued with an epidemic of "Pink eye" and too many of us had to miss school.

We have helped present two Assembly Programs during the year. Everyone in our room took part in each performance. In October our play was about Halloween and Autumn, and in February our playlets were "The Valentine Store" and "Fred's Dream" about Washington.

At Christmas time, with the third and fourth grades we gave "The Isle of Christmas Dreams". Most of us wore new animal costumes.

No grade has enjoyed the new playground equipment more than we have. One of our second graders broke his arm on the slide, but he said it was because he was silly.

The movie projector has brought us a better understanding of many lessons as well as happy periods when we needed to relax.

Our health project this year has been to learn good health rules and practices, then our mothers marked our records at home and we were rewarded at school.

Just now we are planting our sand box to a spring garden.

Is there a nicer place than school?

Third and Fourth Grades

The third and fourth grades commenced school this year with ten students in the third grade and nine in the fourth. One student has left us and none has entered since school began.

In our Geography and History studies we have taken up several units. Commencing with "Our Community" we studied about our resources and how we help other communities and how they help us. Then we studied our neighbors, the Indians, and learned how they used to live and how they live today. We saw some films about them and how people help each other. Also about the different parts of our country.

In October the first four grades gave an assembly program for Halloween. At Christmas time we all gave an operetta, "The Isle Of Christmas Dreams". In February we gave another assembly program including Valentine's Day, Lincoln's and Washington's birthdays.

In January we had a health unit in which we have tried to learn good health habits. Along with each unit we have made murals and posters, as well as seeing films to help us remember things we learn. We also have had a safety unit and one on Transportation and Scenic Wonders of our country.

We have had a reading contest between the girls and boys to see who has read the most library books.

We are also learning music by learning to play flutes and singing.

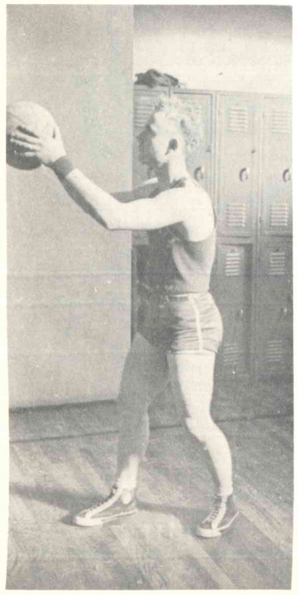
Basketball

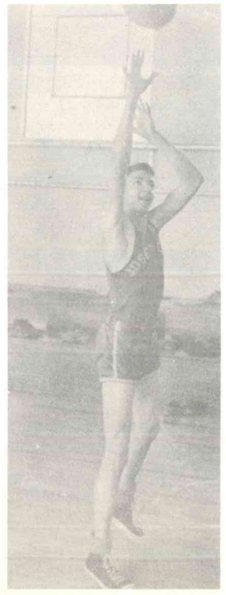
Junior High

Our basketball season in 1950-51 wasn't very successful. However, we did win the consolation in the tournament at Holbrook. Our forward, Kendall Hansen, won a tropy for being all-tournament forward.

Just before our last game with Winslow a bunch of our ball players ditched school and got expelled from the game and lost several P. E. periods. In most of the other games we had at least one of the main team missing.

This year we didn't get to play very many different teams. We played most of our games with Holbrook.





Seventh and Eighth Grade Basketball

We have a fairly good basketball team this year. There are nine ball players in the eighth grade, and we use the three boys in the seventh grade. We were invited to attend a tournament in Winslow, where we played St. Johns, Snowflake and Flagstaff. We took fourth place in this tournament and some of the boys got some medals for themselves. We are invited to attend a tournament in Snowflake the 9th and 10th of March. All of us are planning to attend.

Fifth and Sixth Basketball

Along in the fall the fifth and sixth grade boys decided to have a basketball team. Otis Baird was chosen to be our coach. We have played three games this year. One was with the 7th and 8th which we tied 23 to 23, and two games with Holbrook. We got beat in both of these games.

Main Team:

Forward ---------- Lamon Wimmer
Forward---------- Douglas Pogue
Center----------Boyd Hansen
Guard----------Dale DeSpain
Guard---------- Ted Allen DeSpain

Scrubs:

Edwin Webb
David Bush
Leo Holt
John Clark Westover
Frank Perkins

Band

We are very proud of our band. Even though it has only sixteen members it can make a lot of noise. There are six trumpet players, two clarinet players, four trombone players, one baritone, and three drum players. On the 25th of November the band went to Winslow to march in the Christmas Parade, and won third prize which was $10.00. We played for the Christmas Operetta.

We have about 20 members just starting out in music and we're sure they are going to do just as fine a job as the ones in band now.

Chorus

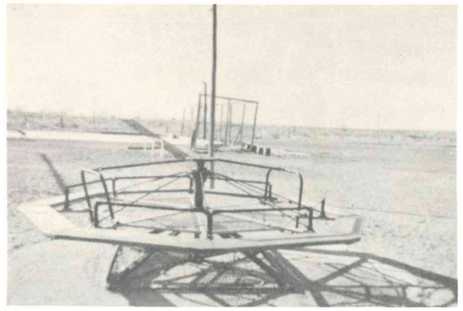
FIRST ROW: Jane Masawiestewa, Bobby Brewer, Doris Holt, Kathleen McLaws, Patsy Pogue, La Veda Burk.
SECOND ROW: Brantley Baird, Twila Rogers, Joyce Holt, Dorthy Hatch, Nelda Westover, Jo Ann Pickett.
THIRD ROW: Gerry Petersen, Crawford Roberson, Newel Turley, Clara Brewer, Donna Dargie, Rita Fuller, Mr. Payne.
FOURTH ROW: Floyd Hansen, Raymond Rogers, Kendall Hansen, Donald Fuller.

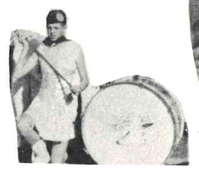
Our chorus this year consists of about twenty-six members. They are mostly high school students and a few girls from the 7th and 8th grades.

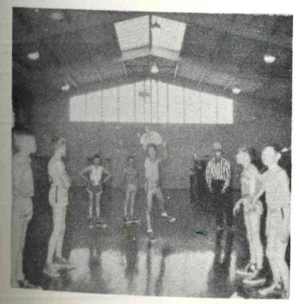
Usually we sing three parts: Soprano, Alto, and Bass. That is, it's supposed to be classified as singing, but sometimes we wonder just what it is. Aside from this we have sung in quite a few places; at P. T. A., for a Mutual program, at church, and at the Christmas program.

We practice on Tuesdays and Thursdays and with Nelda Westover at the piano and Mr. Payne leading us, and the different noises we make, we somehow manage to learn a few songs. These have made us proud of our chours.

Freshmen







Fifth and Sixth Grades

School began August 28th. The weather was still quite warm, and we found it difficult to stay in school after our summer's vacation.

We started classes with eight pupils in the fifth grade and nine in the sixth. There were no new pupils until David Bush came into the sixth grade in January.

In October we went on a "sketching hike". We took our lunches and hiked across the river south of town. We are planning on an all-school picnic as soon as the weather permits.

We helped to give our first school assembly by presenting a health play. "Feelings Are Important".

For the November assembly our classes gave two plays, "The Red Letter Day" and "Indian Raid at Plymouth". At Christmas we helped present a pageant, "Love Lights The Tree".

Our room parties on Halloween and Valentine were both successful and we wish there were more holidays which could be celebrated in the same way.

This year we have had several new books added to our library. We were all so anxious to be the first to read them that we had to draw names for the books.

Our room won the P. T. A. membership contest and we were awarded a phonograph record as our prize.

As class representative Analee Westover was chosen from the fifth grade and Douglas Pogue from the sixth.

We appreciate the parents visiting our room and welcome them to come at any time.

The boys in our room have taken quite an interest in basketball with Otis Baird acting as coach. Holbrook beat us in two games but there was good experience gained from playing even though we didn't win.

We are all looking forward to a school picnic and lots of outdoor fun.

Seventh Grade

We are still the smallest class in the Joseph City School even though we added two more pupils this year.

We respect Mr. Hatch as our teacher and enjoy his patience with us.

With the help of the eighth grade we have given two assemblies this year. One was "The Blue-tail Fly" and the other "Wilbur Faces Life".

We study very well and we are very smart (we wish).

We have enjoyed our work this year and are anxious for the excitement in the years to come.

Eighth Grade

In 1942 our eighth grade class was in the first grade (we should be now). Mr. Hatch has been a great help in trying to teach us something. We have had fun in school this year. We hope we will all graduate from the eighth grade, because we share each others achievements and disappointments.
